

MIS3690 – Web Technologies – Section 2 – Fall 2015
Technology, Operations and Information Systems Division, Babson College

Graded Homework #2 (Due: Friday, October 2, 2015 by 11:59 PM)
Max Points: 25

1. Use HTML to create the irregular table shown below (10 points). All formatting must be done with CSS only. Please note – the entire table uses Arial font. The text in the table is centered.
2. The heading “Exclusive Gifts for All Occasions” is created using the <caption> tag. The font size is XX-Large. The color is Navy. (2)
3. The first row has the text shown in two lines. The text is italicized, bolded, and is centered within the row. The background for this cell is white. (2)
4. The second row has the column headings. It has a yellow background (1)
5. The other rows have silver or lime background as shown in the figure below (2)
6. The image is centered within the cell. Center the image as best as you can and as close to how the image is shown in the table below (4).
7. The table has a width of 70% and is centered on the web page. Its border is 3px thick and is a black, solid border. The table has its top and bottom margins set to 10px. (2)
8. The cells have a 2px thick solid black border. (2)
9. Save it as “MIS3690-Homework-2.htm” into the secret folder in our FTP server. The folder name is in the email that Professor Li sent to you. **Do not** add link to this webpage in low.htm.
